

CHANGES TO BE MADE IN TEACHER MODULE IN EDOVA AI CO TEACHER

Lesson tracking should come under “lesson planning and syllabus tracking”.

Class tracking should come under Syllabus tracking or as separate module “class 360”

New Lesson

Day: Thu Time: 08:30 AM

Subject / Class: Class 8A Science

Topic: e.g. Cell Division

Learning Goals: What will students achieve?

Buttons: Cancel, Create Lesson

Drop down for chapter topics and sub topics, even better if it gives recommendation or show what is completed and what should be taken next

Lesson Planner

Week of 12 - 16 May • Drag to reschedule

Buttons: Search, Add Lesson

Mon	Tue	Wed	Thu	Fri
08:30 AM Photosynthesis Process 8A Science Explain light reactions	09:30 AM Human Circulatory System 10B Biology Label heart diagram	11:00 AM Water Conservation 9C EVS Debate activity	09:30 AM Genetics & Heredity 10B Biology Punnett squares	08:30 AM Revision & Quiz 8A Science Weekly assessment
+ Add	+ Add	+ Add	+ Add	+ Add

Add syllabus tracker to give a holistic picture and progress map
